Welcome to a new monthly program that brings contemporary issues to
Central Contra Costa and Tri-Valley!

Thursday, December 14, 7:30 p.m.
Contra Costa Jewish Community Center

The **UNCIVIL** University

With Author Aryeh K. Weinberg

The Uncivil University: Politics & Propaganda in American Education exposes the moral crisis that is, according to authors Gary Tobin, Aryeh K. Weinberg and Jenna Ferer, plaguing our universities. In the name of academic freedom, the core values of higher education—honest scholarship, unbiased research and diversity of thought and person—have been corrupted by an academy more interested in preserving its privileges than in protecting its own integrity.

Using a range of evidence from first-hand accounts of intimidation of students by anti-Israel professors to anti-Semitic articles in student newspapers and marginalization of pro-Israel scholars, Weinberg will reveal the unspoken world of double standards, bureaucratic paralysis and abdication of leadership.

Admission: \$10, payable at the door. For more information, email jenny@jfed.org or call 925. 943.5238.
